IISM SILVER JUBILEE CELEBRATION (1998-2023)

"Nurturing Future KHALIFAH"

SPECIALY PUBLISHED FOR IISM SILVER JUBILEE

25 YEARS OF IISM SILVER JUBILEE CELEBRATION

In 1997, some leading Muslim educators and thinkers addressed the education crisis in the Muslim world at the first World Conference on Muslim Education in Makkah, Arab University which would provide education and learning principles of Islam for the achievement of human excellence. The International Islamic University Malaysia which was established in 1983, has been instrumental in taking the concept of Islamisation of knowledge a step further. Convinced that this project cannot attain its objectives without implementing it at lower and intermediate levels, the International Islamic University Malaysia established the International Islamic School in September 1998 and at this point in time it was located in Batu 11 off Jalan Gombak.

IISM was the fruit of years of study by Muslim scholars from various parts of the world who taught in the International Islamic University Malaysia (IIUM) and thirst for a model of integrated Islamic education that could serve the children of IIUM academic staff, especially Muslim expatriates. The idea of the school sparked in the mid 1990 by Dato Dr. Abdul Hamid Abu Sulayman, then the Rector of IIUM.

The school is thus, a testimony of the university's continuous effort to provide quality, affordable, balanced, integrated and holistic education guided by the principle of Islam.

The school started its first academic semester in September 1998 with a small group of well selected teachers who reflected the international nature of the IISM. The management of the school was entrusted to the newly established company called Gombak Educational and Cultural Development and was constantly supervised by IIUM authorities.

Now, we are all celebrating our 25th year of IISM (Primary, Secondary and A Levels).

**KHAHARUDDIN
ABDUL RAHMAN**

FOREWORD

CEO OF IIUM SCHOOLS SDN. BHD.

This year we are celebrating our 25th anniversary of IISM and I value the family of IIUM Schools to share this special day together. It is rightly said that it doesn't matter where you go in your life, but what matters the most is whom you have beside you all the way. 1998 was a notable year as it was the year where it all began. The International Islamic School Malaysia (IISM) was first established in September 1998 and located at Batu 14 Jalan Gombak. It was the fruit of years of study by Muslim scholars of International Islamic University Malaysia (IIUM) from various parts of the world who thirst for a model integrated Islamic school that could provide holistic education to their children as well as those of others, especially Muslim expatriates. The idea of the school was sparked in the mid of 1990s by Dato Dr. Abdul Hamid Abu Sulayman, the Rector of IIUM then.

The school offers Cambridge International curriculum, which is recognized world-wide, as well as Malaysian Curriculum and is accredited by the Malaysian Education Ministry under the private school sector.

Our vision is to create a holistic environment where learning is stimulated not only in academic but also especially in moral and religious values. Our approach is incorporated into our school's motto 'Accommodating differences, creating excellence' which encourages our educators to steer into the academic objectives as a team while helping students to see their passions, achieve their goals and to better understand themselves.

Alhamdulillah, all praises due to Allah, with His blessings, our institution has grown to this extent that we are celebrating 25 years of its commencement. It's a matter of great pride to see it growing, embracing good value system and achieving more than what we have ever thought of. I would like to thank everyone from the bottom of my heart, our present and ex-employees who have worked to help this organization to the zenith of success. I take pride in saying that we have the best and extraordinary employees with equally high aspirations and dreams. They have worked against all the odds that occurred in these 25 years to make what seemed impossible, possible. This institution has become a shining example amongst the leading private schools in our country that has produced quality Ummah.

On this auspicious day, do not forget to express our gratitude, and we must be more determined to go further. So, let's look forward to more amazing years with strong professional relationships, InsyaAllah, let's take IIUM Schools to reach greater heights. Ladies and gentlemen, thank you for being a part of this special day. We are grateful to each one of you in making our 25th anniversary, more memorable.

**NORHIJJAH
MOHD ZIN**

FOREWORD
PRINCIPAL OF IISM

It is with great pleasure and honor that I write this foreword for the 25th anniversary of International Islamic School Malaysia (IISM). Over the past quarter-century, IISM has provided an exceptional learning experience guided by Islamic principles, making it a premier educational institution not only in Malaysia but also across the globe.

From its humble beginnings with only 30 students, IISM has grown to become an institution that now caters to over 500 students from more than 35 countries. This growth is a testament to the school's commitment to providing quality education, excellent facilities, and a supportive environment for students to thrive. IISM has consistently produced graduates who have excelled academically and gone on to become leaders in various fields, making a positive impact on society.

One of the unique features of IISM is its focus on Islamic values and principles. The school integrates these values into every aspect of its curriculum, from academic subjects to extracurricular activities. Students learn to live by Islamic principles such as honesty, integrity, and respect, and to apply them in their daily lives. This has created a community of learners who are not only academically competent but also morally upright and socially responsible.

As we celebrate 25 years of IISM, we look back with pride and gratitude at the achievements of our students, staff, and alumni. We also look forward to a better and brighter future, one where our graduates will continue to make a positive impact on society, upholding the values and principles that IISM has instilled in them.

Finally, I would like to express my appreciation to the founders, leaders, teachers, and staff of IISM for their tireless dedication and hard work in creating and sustaining an institution that has become a beacon of excellence in education. May Allah bless them all and continue to guide and bless the school in the years to come. Congratulation IISM on this momentous year.
